

**COMPTON
AND
WEIR**

periodontics & implants

Thank you for choosing Compton and Weir Periodontics & Implants, the office of Dr. Anna Claire Compton and Dr. Steve Weir. We look forward to taking care of all your periodontal and implant needs.

Please fill out the following registration forms. Our office relies on accuracy of the information that patients provide, to ensure safe and appropriate care, so please take your time and be thorough with your answers.

For the medical history, you will need to provide a current list of medications that you take, drug allergies and/or sensitivities and medical conditions.

Let us know prior to your appointment if you have a history of Artificial Heart Valves or Phen-fen/Redux use without a clear echocardiogram. Patients with these conditions may be required to pre-medicate with antibiotics before dental visits.

Payment is due in full for your examination and all services performed at this initial appointment. The fee is \$200 for a comprehensive periodontal exam of your entire mouth, or \$120 for a limited exam for a specific area of concern. The exam fee does not include x-rays, scans or any other services that may be required at this appointment.

If you have insurance, we will file a claim on your behalf, so you can be reimbursed quickly for the amount that insurance pays. Please bring your dental insurance card(s) to your appointment.

If you find that you cannot keep your appointment, please give us at least 48 business hours notice.

Please feel free to contact the office if you have any questions.

Thank you!
